Changes to the Eagle Scout Service Project Review

Effective March 20, 2013, the review of Eagle Scout Service Projects will transition from a Council function (previously held on the third Tuesday of each month at the Scout Office) to a District function conducted on the second Thursday of each month at the same location as District Roundtables. Conducting reviews at the District level achieves the following:

- District meeting locations are more conveniently located within each District.
- Meeting times will better accommodate a Scout's after school activities.
- Reduce congestion at the Scout Office.

Eagle Scout Service Projects must be presented to the District Review Committee at the start of the meeting by the Scout or his representative. Projects will not remain in the custody of the District Review Committee and must be taken home by the Scout or his representative before the meeting is over. Projects will be reviewed in order, as follows:

1) Projects from a Scout or representative who sends an email by the last day of the prior month indicating that the Scout will be present (and the Scout is present) will be reviewed first.
2) Projects for a Scout who arrives with his Project (without prior email notification) will be reviewed next.
3) Projects where the Scout is not present will be reviewed last.

Email addresses and meeting details are:
