HORNETS NEST DISTRICT KLONDIKE DERBY

Sled Specifications

Sleds must be at least 6 feet long and 1 ½ feet wide. Your sled must have your patrol name and Troop number displayed. There is no weight requirement, but the sled must be sturdy enough to carry your Troop's provisions. Your sled must be made out of wood. (No exceptions)

While your own design will be accepted, this diagram shows an authentic sled. You may paint them bright colors, but varnish the bottom of the runners. Accessories may be added, such as a canvas snow guard for front and sides.

Use screws and steel angle brackets instead of nails. Drill first to avoid splitting and make towing bridle out of rope.

Bill of Material

2pcs.	4" X ½" X 6"	- Runner
4 pcs.	1" X 1" X 18"	- Cross Support
4 pcs.	½" X 4" X 5'	- Floor Cover
