2022 Hornet's Nest District Klondike Derby

Location: Camp Grimes - Mecklenburg Scout Reservation

Date: February 25-26-27, 2022 (Fri-Sat-Sun)

Event: The Klondike Derby is a Scout competition for younger Scouts with a focus on Tenderfoot through First Class skills, and a leadership event for older experienced Scouts who are eligible to participate as "staff" members or Yukon Rangers. Patrols of scouts pull a Klondike style dogsled on a course that passes through cities and stations named for cities in Alaska and perform tasks to accumulate points.

Registration

Deadline: Your Troop's registration form and camporee fees are due in the Council office by Wednesday February 16, 2022.

Fees: The Klondike Derby fee is \$15 per attendee. This advance registration fee covers the event and all camporee fees including the Cantina on Friday night and Cracker Barrel on Saturday night. NOTE: Klondike staff will not be providing Saturday dinner.

Age

Requirement: Scouts who meet the following criteria are eligible to compete as part of a Klondike sled team:

1. Under age fourteen as of March 1, 2022
2. Or under age fifteen as of March 1, 2022 AND First Class or below

Scouts who do not meet these criteria are eligible to participate as a staff member or a Yukon Ranger. Scouts who are eligible to compete as part of a sled team can also participate as a staff member or a Yukon Ranger, at their Scoutmaster's discretion.

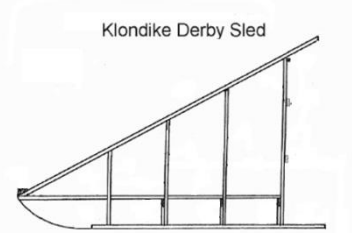

Troops that field more than 1 sled team will be required to evenly distribute Scouts by age across their sled teams. To keep the competition fair for all Scouts, a single sled team should not be comprised of a majority of older Scouts when it is possible to evenly distribute them across a Troop's other sled teams.

Patrol Size: A patrol (or sled team) may have no more than 8 and no less than 5 members to participate. (Camporee staff may grant an exception with advance notice.)

Check-in: All patrols and troops are required to check-in prior to camp setup to insure you receive the latest Klondike information. Check-in is by Scoutmaster and Patrol leader at the Health Lodge where the camporee staff will confirm your final patrol roster, camping location, and review important Klondike information with the patrol leader. (For example, maps, schedule, home base and late breaking news) Troops and Patrols should plan to check-in between 7:00 PM and 9:00 PM on Friday of the event. (Late arrivals may delay your ability to set up and be prepared.)

Sled Specification:

Sleds must be designed to carry your supplies and be pulled using a rope or tow bridle. Sleds should be about 6 feet long, 1-½ feet wide and resemble the sled on the right. Sleds should be sturdy enough to carry your patrol's provisions during the event. The frame including runners must be made of wood to reflect the history of the Klondike gold rush. Your sled should have your patrol name and troop number displayed. A tow bridle can be made of rope or webbing.

Competition

Basics:

The Klondike trail passes through cities and stations named for cities in Alaska. Your patrol will be assigned a “home base” and every 40 minutes you will be instructed to pull your sled to the next city and perform the task. Cities are worth 20 points and stations are worth 10 points and although stations are optional each patrol should keep track of their time in order to attempt the task at both the city and the station. Along the trail, your patrol will need to use scout skills, leadership, and teamwork to complete tasks and score points. Some specific scout skills include camping, cooking, first aid, hiking, knots, lashings, compass, and good Scout Spirit. Keeping your patrol sled in good working order is always a plus.

Breakfast - Your patrol will fix a hot breakfast which will be **judged by the staff in your camping location**. This breakfast should be prepared, served, consumed, and cleaned up before the patrol gathers and travels to your Patrol's assigned home base.

Your patrols will eat lunch in the Klondike city you are in at 1:00 PM. (a bag lunch that the patrol has prepared before the start of the event.) This meal will not be judged, but must be properly cleaned up when finished.

Scout leaders are discouraged from “coaching” patrols beyond the “first city” as this may take away from the competition for your patrol. The staff at each Klondike city is responsible for answering questions and providing instructions for their city task. All staff members and Yukon Rangers should assist or redirect patrols lost on the trail.

Scoring:

The staff in each Klondike City scores the city event based on 4 main categories, Leadership, Teamwork, Scout Sprit and Task Completion. Stations are scored by performing the task or answering questions. Each patrol will receive a score for:

- Each city and station attempted
- Saturday breakfast judged by the leaders in your campsite

Awards will be presented at the Campfire Saturday night for overall score and best spirit, in addition, each Klondike city may present a “city award” for the patrol that performed well in their city.

Leadership /

Camp Manners:

Patrol leaders are responsible for the behavior of their patrol. If a patrol leader is experiencing problems, he is encouraged to ask for assistance from staff members or Yukon Rangers.

- Yukon Rangers:** Yukon Rangers should be posted in each city to assist the troop hosting the city. Yukon Rangers are event staff and must be treated as such by competing patrols.
- Chapel Service:** Sunday Morning Worship will be at 8:30 AM at the Chapel Area. Class A uniform is expected.
- Closing Ceremony:** Closing is at 9:00 AM on Sunday morning or immediately following worship. Class A uniform is expected.
- Checkout:** After breaking camp, Patrols will have their campsite inspected and approved by campsite staff before departing.
