

Eagle Scout Service Project Proposal Reviews – In-person and Virtual ETOWAH DISTRICT

Please note that Eagle Scout Service Project Proposal Reviews will take place through the summer months as scheduled below even though District Roundtables may not be meeting then.

******* Please make sure you are using the most up-to-date Eagle Project Workbook. You will find it on the Eagle Scout web page. *******

Etowah District – virtual (email) reviews (Updated 01/01/2021) –

We are still conducting Eagle Scout Project Reviews via email.

Once you have completed your Project Proposal write-up and have your Troop (SM & CC) and Beneficiary approval signatures, email your PDF Project with any other documentation, such as worksite maps, project construction plans, photos or any other documents as needed to: Etowah.Advancement@gmail.com

You may send your Project Proposal at any time during the month after receiving the approval signatures necessary from your Troop and Beneficiary.

In keeping with Youth Protection Guidelines - be sure to copy, either your Scoutmaster, Project Coach and/or parent on your email to comply with the electronic Youth Protection Guidelines.

Once received, your project will be reviewed, and any further correspondence will be conducted via email with all adults and the District Advancement Chair copied on the email to the Life Scout. Once approved, the Contact Information page, Signature page and District Reviewer comment form will be filled out and sent back to the Scout (with adults copied) in PDF for their inclusion into the Project Workbook.

Any questions concerning Eagle Scout Projects may be directed to the Advancement email address - Etowah.Advancement@gmail.com
