Eagle Boards of Review (EBORS) to Resume

Having moved into Phase Two of the Governor's plan to reopen the state, the Mecklenburg County Council Advancement Committee has approved the following:

- Effective immediately, in-person EBORS can now be resumed if all parties are comfortable and feel safe following required CDC guidelines. Virtual EBORS are optional if in-person EBORS are not possible. In-person EBORS are encouraged where the situation allows.
- The District Advancement Chairs, along with the District Advancement Committees, will immediately start expediting the backlog of Eagle Scout packets submitted to the Scout Office during the COVID shutdown. Also, Eagle Scout packets ready to be turned in may be submitted to the Scout Office during normal working hours.
- If units are restricted from their normal EBOR meeting place for COVID reasons and have no other option, the conference rooms at the Scout Office are available. Please contact your District Advancement Chair, or District Director, to reserve a date and space at the Scout Office for your EBOR.
- Utilization of outdoor facilities such as public parks or school grounds where one might have access to picnic tables and benches is another option.
